owned by

W. W. POWER, Sigourney, Iowa

Tuesday, June 17th, 1930

AT 1:00 O'CLOCK P. M.

at the farm 4 miles East of Sigourney on paved highway No. 24. Sigourney is 90 miles East of Des Moines, 90 miles West of Davenport, 32 miles North East of Ottumwa and 50 miles Southwest of Iowa City. Good gravel and concrete paved roads in all directions.

The Rock Island Railway runs two trains each way East and West daily and the Milwaukee gives service North and South.

The herd is fully accredited (last test having been made in May) and though the herd is to be completely dispersed, the fullest guarantees go with each animal sold. See guarantee on page 27 of this catalog.

The herd consists of

Eight impressive bulls that sell as single lots. Thirty magnificent matrons bred to one of the best bulls in America—many with calves at foot. Six open heifers by that great sire, Modern Type.

# Announcement

THE W. W. Power herd is one of the best in the state of Iowa or in any other state. In assembling this herd nothing but the very best of females were bought and no animal was ever purchased for this herd for the sole reason that it could be bought cheap. Individuality as well as good breeding was considered instead of price.

The herd bulls have been sons of Gainford Champion, Imp. Gartly Lansdowne, and Fair Marshal. But the greatest step in improvement was made when the present stock bull, Modern Type, was secured. This bull is just what his name implies. He is what every progressive breeder is looking for. He is low set, thick, smooth, well balanced, of rare quality, has a head that is second to none, and is of the richest and most sought shorthorn color, a rich dark roan with no suspicion of yellow or sandy hair. In going through this catalog you will note the great number of his offspring that are for sale. Everyone is an outstanding individual and they are very uniform in type, character, and color.

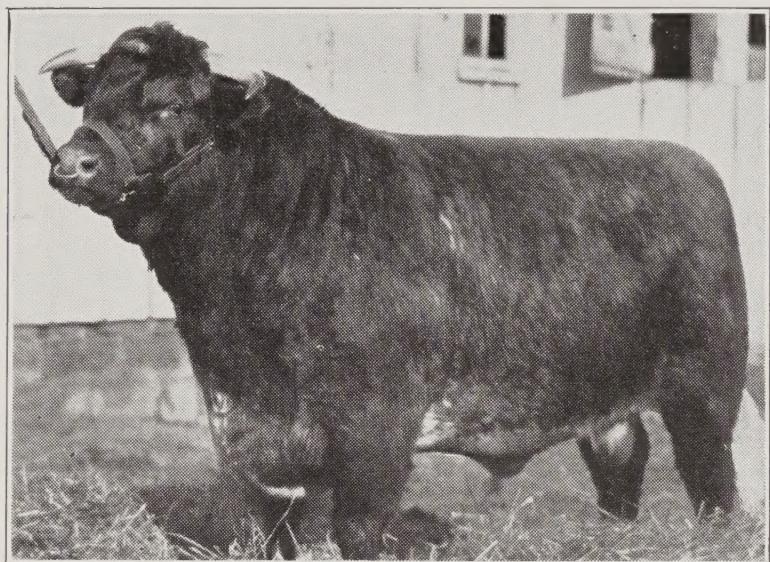

Every female of breeding age in this herd produced a calf last year. Every cow or heifer listed in this catalog, will have a calf at foot or be safely in calf by sale day. Every female in the herd was sired by a good bull.

Though this is a complete dispersal of this herd, every animal sold will be fully guaranteed in the same manner as though it were a draft sale. Mr. Power is not leaving the farm and his guarantee is good and sound and will be lived up to in spirit and in fact.

Mr. Power is making no effort to advertise or present these cattle as show cattle, although a great many of the lots could go into our largest state fairs with assurance that they would stand at or very close to the top in their respective classes. The herd has been maintained in a very thrifty condition and it would take very little extra fitting just now to make them all look like show cattle. I do not know of a better place to buy high class breeding cattle that will be sure to make a profit for their purchasers.

I invite you to study this catalog, to consider the worth of these cattle from the standpoint of individuality as well as of pedigree and to be with us at the Power farm on Tuesday June 17th prepared to avail yourself of this excellent opportunity to improve your breeding stock.
